

Assassination Records Review Board
Analysis and Review Staff

Chris Barger (Analyst). Chris resigned from his position as an Intelligence Specialist in the Navy in order to join us. He graduated in 1993 from the University of Minnesota in history and political science.

Gene Burpoe (Analyst/Specialist). Gene comes most recently from the Pentagon, where he served as a Policy and Missions Staff Specialist in the Office of the Secretary of Defense/Assistant Secretary for Special Operations and Low Intensity Conflict. He served in that position as a Presidential appointee. Gene's references spoke highly of his analytical mind and his excellent ability to relate well both to civilians and military personnel. He has had a top secret clearance for several years.

Laura Denk (Attorney-Analyst). Laura is an honors graduate from the University of Kansas Law School and from William & Mary, where she majored in philosophy and government. She has most recently been working at the public interest law firm Bernabei & Katz.

Phil Golrick (Attorney-Analyst/Specialist). Phil was a litigator at Covington & Burling where he earned a reputation as a brilliant and hardworking attorney. He received his B.A. from the University of Virginia (with highest honors) and graduated first in his class from the UVA Law School. He is assigned to Team 3 (FBI/Justice).

Tammi Long (Attorney-Analyst). Tammi will be joining us at the end of the academic year. She currently is a third-year student at Emory University School of Law.

Eric Scheinkopf (Analyst). Eric was a Legislative Assistant for International Affairs for Senator Inouye. As a specialist in foreign relations matters, he received a top secret clearance. He graduated with distinction from the Johns Hopkins School for Advanced International Studies. His tentative assignment is to Team 1 (State/Treasury).

Michelle Seguin (Analyst). Michelle, a political science and French graduate from the University of Michigan, has been a Legal Assistant at Covington & Burling for the past two and one half years. She has decided to postpone attending the Johns Hopkins School for Advanced International Studies in order to participate in this project. Her references (a hard bunch to please -- I know them) speak of her in extremely glowing terms as smart, organized, and professional. Her tentative assignment is to Team 1 (State/Treasury).

Robert Skwirot (Analyst). Bob, like Tammi, will be joining us at the end of the academic year. He currently is a history graduate student at Villanova where he is carrying a straight-A GPA. He graduated *maxima cum laude* in history from LaSalle University.

Kevin Tiernan (Analyst). Kevin has experience that is more immediately relevant than any other analyst. He worked on the JFK project at the National Archives. His references praised him as their best Archives Technician on the JFK project and as a person who went out of his way to assist others. He is the first of the analysts to start, and has already provides valuable help on personnel matters.

Joan Zimmerman (Analyst). Joan, who received her Ph.D. in American History from the University of Virginia, has taught at Harvard,

UCLA, Oberlin, Colgate, and the University of Maryland. She also obtained a Master of Studies in Law from Yale University.
