Dear Anna:

Thank you for taking time out of your schedule to come in and meet with the Analysis and Review staff. The staff was very interested in your comments and we appreciated receiving the insights from your experiences. We really should be off and running next week as the clearances come through and as we begin our reviews at the FBI and CIA.

Please do not hesitate to drop by in the future and see what we are doing.

I hope you enjoyed your trip to Boston.

Best wishes,

T. Jeremy Gunn
