## Discussion

Valuable to give assignments to analysts for them to have areas of responsibility

Example: Dennis with medical evidence

Reminder: review always comes first unless there is a specific reason not to

## Topics of importance

- Priorities list

- Investigations list

## Tracking of projects

there will be overlaps--let's not have turf battles--come to me if there is a problem

General news about what is going on:

- medical depositions

- Ann Goodpasture deposition

- CIA/FBI/other agency

you may always examine correspondence with agencies
