Dear Mr. Bouck:

Last spring, you accepted our invitation to talk with members of the Review Board staff about your experiences at the Secret Service at the time of the Kennedy assassination. We appreciated your comments as well as your openness to further contacts from us. I am writing to ask whether you might be able to provide us with some additional information.

I have come across a 1964 document that identifies a SAIC Carnes as someone who was quite familiar with filing systems at the Secret Service. I am wondering whether you might remember Agent Carnes' first name and middle initial, approximate age, and any other information that would help us locate him.

In addition, we note that in your testimony to the Warren Commission, you mentioned a list of eighteen items about Lee Harvey Oswald that were known to various federal agencies before November 22, 1963. I have enclosed a copy of the page from the *Warren Commission Report* that contains your remarks. We have searched the JFK Collection at the National Archives for this list, but we have not been able to locate it. I am asking whether you might still have a copy. If you do not have a copy, do you recall whether you gave your only copy to Samuel Stern, who was then on the Warren Commission staff? If you can remember anything about this list, especially what the eighteen items were, we would be very happy to have your recollections.

I look forward to hearing from you. If you would rather call than write, please feel free to contact me at (202) 724-0088, ext. 263.

We appreciate your assistance.

Sincerely yours,

Joan Zimmerman
