The Board considered the April 15, 1996 letter from the Secret Service appealing the release of names in these documents and decided to allow the Secret Service 60 days to provide specific information for the names of individuals it wishes to postpone. If no further information is forthcoming, the documents will be open in full per the Board's vote at the March 18-19, 1996 meeting. If the Secret Service provides information required by the JFK Act for postponement, the Board may consider postponements for a short period of time (5 or 10 years).
