At the October 15-16, 1996 Board meeting, the following issues were disposed of:

The Review Board designated all protective surveys requested or viewed by the HSCA as "assassination records."

The Review Board granted an extension for evidence on the Eileen Dinneen memos and threat sheets. The final deadline for evidence from the Secret Service is November 13, 1996.

Other matters:

The Review Board members received a copy of the August 1996 article by Margaret Coggins of the Intelligence section of the Secret Service (formerly PRS) outlining the Service's model for threatening behavior and advocating its dissemination.
