

## Report on December 1996 visit to the NPRC

By: David R. Montague

01.22.1997

Description: NPRC searched for files relating to our efforts. NPRC maintains a large volume of records & had a considerable level of success finding files for the people we are interested in. Below, is a breakdown of records we requested and the results based on (in most cases) limited information.

All files I checked were either: 1) reviewed for identifiers and further research, 2) some/all material copied, 3) unable to positively locate based on identifiers.

The following files were reviewed at the  
National Personnel Records Center in St. Louis, MO
