A LIST OF ITEMS TO COMPLETE

December 6, 1995

1. Secret Service Liaison File

Board says 1963, 1964 are assassination records: do document by document search for additional records; establish by cross referencing what's already open; what can be opened by virtue of what's in the LBJ Library

Check on HSCA SS Liaison File: 1977-1978 at FBI

2. Addresses: ask David if he wants Dave Montague to check on current addresses; Phil has notes on 8 or 9 of them

3. For December 12-13, 1995 Board meeting: Board could vote on the open documents in a very short period of time

4. Eileen Dineen reports: categories of protective information: keep looking

Dineen reports: what's open from Board's vote in November; compare with next reports
