Re: US Secret Service Letter of October 9, 1996

Dear Jane:

At its October 15-16, 1996 meeting, the Assassination Records Review Board considered your request for an extension of time for your presentation of evidence for postponements in 180-10087-10302; 180-10103-10465; and 180-10065-10379. These identification numbers refer to two reports by HSCA researcher Eileen Dinneen and three folders of information sheets for individuals the Secret Service perceived as potentially threatening to President Kennedy in 1963.

As you will recall, the Review Board voted not to sustain any postponements in these documents at its March 18-19, 1996 meeting. Since then, the Review Board has allowed the Secret Service two 60-day extensions to present evidence for postponements. The last extension would have required your presentation at the October 15-16, 1996 meeting.

After discussing the time that has elapsed since the Review Board's initial vote on these materials as well as your interest in providing additional data, the Review Board decided to establish November 13, 1996 as a final deadline for your presentation of evidence. If no further information is forthcoming from the Secret Service by November 13, 1996, the Review Board's original decision to open these

records in full will be reinstated.

If you have any questions regarding this matter, please call me.

Sincerely yours,

David G. Marwell  
Executive Director
