

## MEMORANDUM

April 12, 1996

To: David Marwell, Jeremy Gunn, Phil Golrick

From: Joan Zimmerman

Subject: USSS Privacy Claims for Names in HSCA Document

**Review of JFK Trip Files for 1963.** (180-10087-10302) Eileen Dinneen's five page memorandum with 21 "Secret Service Report Forms" attached was based on protective surveys for President Kennedy for the March-November, 1963 period.

The Secret Service made postponements on 36 names of individuals. Because of the Board's previous determinations, 19 of these names have already been released. Some of the 19 names are well known, e.g. J.A. Milteer, Herbert and Olga Butterworth, etc.
