Dear Steve:

I am enclosing a letter dated May 29, 1996, which describes USSS material that John Machado should deliver to you on August 15, 1996. Would you please let me know if you receive these records by mid-August?

I am also enclosing the inventory prepared by the college students over the last two weeks. Both Kelly and Jenny (the two students who worked on this project) mentioned that there is a film taken by the Dallas Police Department showing all the evidence the police had gathered. Kelly and Jenny said it is in Box 8, Exhibit 21. I am wondering whether this film should be examined and/or made into a video so it will be accessible to the public in the films and video branch of the Archives. Kelly and Jenny also mentioned that some of the slides of the limousine photographs were in plastic covers that had been sliced open.

Thanks again for making the arrangements in the main research area for the students. They have indicated to us that they appreciated the opportunity to study the Secret Service records.

Sincerely,

Joan Zimmerman
Senior Analyst
