8. EILEEN DINEEN Personal Research Notes

The ARRB received research notes pertaining to Secret Service documents directly from HSCA researcher Eileen Dineen. We asked the SS to review these notes, and the Service responded on Sept. 20, 1996 with several suggested postponements. These records were ultimately considered at the Nov. 1996 Review Board meeting?

What was Board's vote?

Also - there is a letter from Secret Service Dated 9-20-96, wherein, The USSS requested postponements on three documents - and the Board referenced the ongoing dialogue re; the Secret Service's request to postpone materials in the threat sheets.
