Subject: US Secret Service Records Recieved from Ann Parker and John Machado
On February 11, 1998 and February 13, 1998

On February 11, 1998 and February 13, 1998, I examined documents from the employment files of former Secret Service employees Roy Harry Kellerman, Edward Z. Tucker, Thomas Kelley, William R. Greer, and James Fox. My review of these files revealed that hthere were no records pertaining to an internal security review, nor were there any records pertaining to the activities of these agents during the November 1963 - April 1964 time period.
