7. SS-7

(Request for files on 6 individuals)

Re: Lauchli - It should be noted that the number on that computer abstract is no longer CO2-26104, but rather 671-18686, due to an administrative error that occurred in August, 1993.

Essentially, once a file number has been changed from the old "CO2" Prefix to the new 671 prefix, the old CO2 number cannot be re-established in the computer system.
