Re: Tapes waiting for decisions on the transcripts

007234 (180-10140-10030). RIF says unclassified, no restrictions. RIF also says incorrectly labeled. Does that mean incorrectly labeled as 007234?, or incorrectly labeled as the testimony of William Walter? 007234 in the numbered files is a transcript of the testimony of Michael McLaney, dated 04/07/78 which has been opened in full by consent. The Walter testimony is at numbered files 006847 (180-10076-10413) has also been opened in full by consent.

013096 (180-10140-10029). RIF says unclassified, no restrictions. RIF says transcript is numbered file 001937 (180-10091-10305), which is open in full, no restrictions, interview of Tom Lutz. Tape should be opened in full.

010022 (180-10131-10420). RIF says unclassified, no restrictions. RIF says transcript is numbered file 010022 (180-10097-10261), which is open in full, no restrictions, interview of Nathan Pool. Tape should be opened in full.

001887 (no RIF created for the tape). Interview of Frank Nelson. Transcript of Nelson interview is 001886 (180-10111-10026), which is opened in full by consent of the CIA published in October of 1997. Should be opened in full and a RIF needs to be created.

001438 (no RIF created for the tape). Interview of Rufo Lopez-Fresquet. Transcript of Lopez-Fresquet is located at 001552 (180-10086-10456) and was opened in full by consent release in September of 1996. Should be opened in full and a RIF needs to be created.

008215 (no RIF created for the tape). Security classified testimony of a CIA employee. Transcript is located in the Security Classified Testimony Series at 008215 (180-10110-10000 and 180-10110-10001). The Review Board has sustained the postponement of the name of one CIA employee, pending further evidence from the CIA. We should wait on this tape until there is a final decision from the Board.
