---

I recorded the closed sessions of the Assassination Records Review Board yesterday, July 17, 1995 and today, July 18, 1995. There were five cassette tapes recorded, each of which I labeled by number and date. Tapes 1 and 2 dated July 17, 1995 recorded the afternoon session of document review. Tapes 1, 2 and 3 dated July 18, 1995 recorded the morning and afternoon sessions of document review today. The meeting ended at the beginning of the second side of tape 3 dated July 18, 1995. The tapes are classified "Secret".
