

MEMORANDUM

January 12, 1998

To: D. Sydney Reddy
cc: T. Jeremy Gunn

From: Laura Denk

Subject: HSCA Subjects and Your January 30, 1998, Departure Date

Last week, you asked me what I would like you to complete before your departure on January 30, 1998. In response, I reviewed the HSCA subject card file to determine which HSCA subjects you have in a "pending" status. As of today, you have started, but not finished nine HSCA subjects. I have listed below the sections left to negotiate, along with the number of pages remaining to negotiate, if I had the page information available.

Before your last day in the office, please complete your negotiations on these files. To the extent that any of these subjects contain documents that cannot be negotiated (because they are "on locate" or for some other reason), please list the documents in a memo together with the reason that the documents are still pending. Please complete one memo for each outstanding subject so that we can re-assign any remaining subjects to other analysts.
