Re: Records of the Information Council of the Americas

Dear Mr. Butler:

I am writing to follow up on my telephone conversation with you today. I was pleased to learn that you have finally been able to consolidate the Information Council of the Americas (INCA) records in your home in Slidell, Louisiana. As I mentioned to you today, we remain interested in the INCA records in your possession in New Orleans that are related to the assassination of President John F. Kennedy.

The first step in having certain of the INCA records become part of the JFK Collection at the National Archives and Records Administration is for you to review your locator files as you agreed to do in August of 1996, and identify those INCA materials that you believe might be relevant to the assassination and of interest to the Review Board, and to provide me with a list of the materials that you identify.

If the Review Board can assist you in your endeavor to locate records that will enhance the historical record regarding the assassination of President John F. Kennedy, please let me know.

I am eager to speak with you again soon. Good luck with your search.

Sincerely,

Laura Denk
