Dear LuAnn:

On behalf of the Board members and all of the members of the Board staff, I am writing to express our gratitude for your unflagging efforts to help us achieve the goals of the JFK Act.

Your work enabled the FBI and the Review Board to work together to open records previously unavailable to the public. You have played a major role in helping to restore the trust of the American people in the institutions of government. We will always remember you for your upbeat, optimistic attitude in the face of our most onerous requests and for your ability to follow through on difficult assignments. The FBI should be proud to have you as part of the Historical and Executive Review Unit. We have no doubt that you will have continued successes in your career at the FBI.

We have very much enjoyed working with you and getting to know during the last several years. Please allow us to take this opportunity to thank you and to wish you and your family well.

Sincerely,

Laura Denk

Dear Debbie:

On behalf of the Board members and all of the members of the Board staff, I am writing to express our gratitude for your diligent efforts to help us achieve the goals of the JFK Act.

Your work enabled the FBI and the Review Board to work together to open records previously unavailable to the public. You have played a major role in helping to restore the trust of the American people in the institutions of government. We will always remember you for your memory and how you have kept perfect track of thousands of referrals. The FBI is lucky to have you as its own human computer. We have also appreciated you for maintaining your good humor even during those days when the work that had to be done far exceeded the hours remaining in the day.

We have very much enjoyed working with you and getting to know during the last several years. Please allow us to take this opportunity to thank you and to wish you well.

Sincerely,

Laura Denk
