Dear Mr. Eubanks:

I am writing to express my appreciation for the efforts of your staff in the planning and arrangements for our experts conference on the declassification of government records held on April 14, 1998. We were favorably impressed with the professionalism of all your staff and their willingness to help with the arrangements for the conference and on the day of the conference. I understand that Pat El-Ashry, Tom Nastick, and particularly Clarence McMorris were very helpful with their time and expertise.

Sincerely,
