

Compliance

The Review Board used its compliance program to ensure that government offices fulfilled their JFK Act obligations. The program required agencies to certify that,

- (1) the agency conducted a thorough search for assassination records as that term is defined by the JFK Act and the Review Board's regulation further defining the term;
- (2) the agency identified, organized, and reviewed its assassination records;
- (3) the agency prepared its assassination records for public release at NARA;
- (4) the agency responded to each of the Review Board's requests for additional information and records; and
- (5) the agency transmitted its assassination records to NARA.

Chapter 6 of this Report describes both the Review Board's requests for additional information and records to federal agencies and federal agencies' responses to those requests. This Chapter complements Chapter 6
