Re: ARRB Request for Additional Information and Records No CIA-#

Dear John:

Our staff has undertaken a preliminary review of records in the CIA sequestered collection related to the activities of certain Cuban exile groups during the time frame surrounding the assassination of President Kennedy. Our review indicates that the following records are not currently included in the collection.

Pursuant to the authority under the President John F. Kennedy Assassination Records Collection Act of 1992, the Assassination Records Review Board requests that the Central Intelligence Agency provide access to the following types of Agency documents related to the following Cuban exile groups:

This request should be interpreted in the broadest reasonable sense. To the extent that you question whether a particular type of study or report is encompassed by our request, please let us know and we can advise you whether we seek to include it.

Should any of these requests impose an unreasonable burden on you that we may not have anticipated, please advise us so that we can work with you to modify or amend the requests accordingly.

In requesting access to these materials, we are not designating them "assassination records" and we are not, at this time, requesting that copies be given to the Review Board.

Thank you for your attention to this matter.

Sincerely yours,

David Marwell

Executive Director
