Subject: DRE Monthly Operational Reports

COMMENTS:

The Op reports reside in the following DRE folders in the JFK Microfilm:
Reel 25, Folders 25, 26, 27,
Reel 26, Folders 2, 3, 5,

The following is a breakdown of the Op reports I was able to find:

Already in collection:

1962: May, June, September through November.

1963: None.

1964: May through December.

1965: January through March, May, July through December

1966: January through July, October through December.

We would like to make this a complete series, but have a particular interest in the reports for Deember 1962 through April 1964.

Thanks!
