Dr. Kermit Hall

Columbus, OH

RE: Second Request for CIA Documents

Dear Dr. Hall:

In response to your request, we have selected some documents that you may wish to use at the OAH meeting. Enclosed is a packet of pages from the "Lopez Report," including the "old NARA version" and the new declassified version. As you may recall, this record originated with the HSCA, not the CIA. But the report contains many redactions with CIA equities relating to CIA's operations in the Mexico City station. If you have any questions, please contact us.

Sincerely yours,

Mary McAuliffe
