

Acoustics Reports

HSCA Vol. VIII

Michelle Seguin

4.O.1.3

SUMMARY:

This section of Volume VII contains three reports prepared by the acoustics experts who testified before the Committee: Mark Weiss and Ernest Aschkenasy, Dr. James Barger, and Dr. David Green. The reports are entitled, respectively: "An Analysis of Recorded Sounds Relating to the Assassination of President John F. Kennedy"; "Analysis of Recorded Sounds Relating to the Assassination of President John F. Kennedy"; and "Analysis of Earwitness Reports Relating to the Assassination of President John F. Kennedy." These reports were submitted to the Committee to supplement their oral testimony. In general, the witnesses explained during session the contents of these reports and wrote the same findings that they stated to the Committee. (See summaries of oral testimony for explanation of experts' conclusions)
