Three of the records listed above (124-10070-10076, 124-10100-10265, and 124-10119-10221) were the subjects of a prior notice of determinations (published at   Federal Register  ). At the February 29-March 1, 1996 meeting, the Review Board decided to reconsider, in the light of additional information provided by the FBI, its prior decision to release these duplicate documents in full. Upon reconsideration, the Review Board decided to postpone the name of an informant appearing in these documents for a period of ten years.
