Subject: FBI Files-Giancana-Section 17

The FBI file on Samuel M. Giancana, 92-3171-section 17 was reviewed separately from the previous sections of the file. Sections 12 (see previous Giancana memo) and section 17 have the greatest number of documents which appear to be related to the Kennedy Assassination. Listed below are the documents contained in section 17 which would possibly be of interest to the board. One note of general interest is that Giancana filed a lawsuit against the FBI in 1963.
