Re: ARRB Requests for Evidence

Enclosed are request-for-evidence forms for a number of assassination records in the CIA file on Lee Harvey Oswald (file number 201-289248). The CIA has advised us that each of the records identified on the enclosed forms contains one or more FBI postponements.

As explained below, the FBI has already submitted evidence on some of the postponement issues in these records:

*Record nos. 104-10012-10017 and 104-10013-10274* involve FBI information that the Review Board has voted to release in an FBI record which, as of this date, the FBI has not appealed to the President.

*Record no. 104-10001-10163* is a duplicate of FBI record no. 124-10173-10044 (105-82555-2463), for which the FBI has already provided evidence in support of claimed postponements.

*Record nos. 104-10015-10433, 104-10015-10432, 104-10015-10057, 104-10052-10019, 104-10055-10104, 104-10055-10102, 104-10055-10026, 104-10055-10025, 104-10015-10056, and 104-10004-10258* contain postponements comparable to ones in FBI records for which the FBI has already provided evidence.

Please provide whatever evidence you would like the Review Board to consider regarding the records identified in the enclosed request-for-evidence forms by November 20, 1996. We have copies (in some cases, originals) of these records in our office, and are consulting with the CIA on the appropriate way to make these records available for your review.<sup>1</sup>

In addition to the records identified in the enclosed forms, *Record no. 104-10002-10055* is a CIA copy of Record no. 124-10169-10066 (105-82555-3583), which the FBI has appealed to the President.

We do not anticipate that the Review Board will vote on the CIA copy of this record until the appeal of Record no. 124-10169-10066 is resolved.

As always, thank you for your cooperation.

Sincerely yours,

David G. Marwell  
Executive Director
