Re: Telephone Interview, March 10, 1997

Dear Dr. Rhoads:

I am writing on behalf of the ARRB to thank you for taking the time to speak with Douglas Horne and me on Monday, March 10. Your recollections concerning the transfer and inventory of materials from the autopsy of President Kennedy will clarify and inform the public's understanding of these events. An audiocassette of our interview is enclosed.

I will certainly pass on your personal regards to the members of the Review Board.

Thank you once again.

Sincerely yours,

Philip D. Golrick  
Chief Analyst
