

## MEMORANDUM

### BY FACSIMILE

To: Steve Tilley, NARA  
From: Phil Golrick, ARRB  
Date: May 11, 1995

I am writing by way of follow-up to my memorandum to you dated May 5, 1995.

Set out below is a pared-down list of HSCA document numbers. I assume that unredacted copies of some, but not all, of these documents are available at College Park. Could you pull the boxes containing documents that you do have at College Park for analysts from our office to look at Monday, May 15? Also, could you arrange for the boxes containing documents on this list that are not available at College Park to be made available for review at the National Archives in Washington, D.C.? We would greatly appreciate the opportunity to review the latter documents as soon as possible.

Alternatively, of course, we would be happy to review all of these materials at the National Archives in Washington, D.C., if this would be acceptable.

Please give me a call if you have any questions or difficulties. As always, thank you for your assistance.
