

MEMORANDUM

BY FACSIMILE

To: Steve Tilley, NARA
From: Phil Golrick, ARRB
Date: June 8, 1995

I am writing to request a change of priorities from what I set out in my fax memorandum to you of yesterday. With regard to HSCA documents, what we are most interested in reviewing as soon as possible (we hope on Monday, June 12 and Tuesday, June 13) are:

- the two documents identified in my fax of June 2; and
- the HSCA staff notes that were originally kept by the CIA and only recently given to NARA.

We remain interested in, and intend to review shortly, the other documents identified in the fax I sent you yesterday. However, our immediate priorities are as set out above.

I apologize for the sudden modification and any resulting inconvenience to you or the Legislative Archives staff downtown. As always, thank you for your assistance.
