

## MEMORANDUM

September 8, 1997

To: Church Committee File

From: Ronald G. Haron

Subject: Church Committee Testimony  
(Revision and Update of My August 20 Memorandum Identifying Church Committee Testimony in the JFK Collection at NARA)

This memorandum identifies Church Committee testimony relating to the assassination of President Kennedy that is open to the public in the JFK Collection at the National Archives and Records Administration ("NARA"). In addition, this memorandum identifies other potentially relevant testimony that has *not* been released to the public.<sup>1</sup>

---

<sup>1</sup> For example, a substantial number of FBI transcripts, cited in the Church Committee's Report on the JFK assassination (Book V), are not in the JFK Collection. These and other missing transcripts will be identified in a letter to the Senate Select Committee on Intelligence.

Memorandum Re Church Committee Testimony

September 8, 1997

Page 2

So that we can proceed to obtain other assassination-related testimony not released by the Senate Select Committee on Intelligence, I have set forth below (in alphabetical order) a list of: (1) testimony that is available in the JFK Collection at NARA;<sup>2</sup> (2) testimony recently transmitted to the Review Board and which must be declassified by the relevant agency; and (3) potentially relevant testimony<sup>3</sup> that has not been released by the Senate Select Committee on Intelligence.<sup>4</sup> The list is set forth below:<sup>5</sup>

---

<sup>2</sup> To determine what testimony was available in the JFK Collection at NARA, I surveyed those materials on August 15, 1997. This was followed up by a further inspection of Church Committee records at NARA on September 4 by Rochelle Juelich, an ARRB intern.

<sup>3</sup> In identifying potentially relevant testimony that is not in the JFK Collection, I have reviewed, and identified testimony cited in, the Church Committee's May 1976 Report entitled, "The Investigation of the Assassination of President Kennedy: The Performance of the Intelligence Agencies" (Book V) (hereinafter "JFK Report") and the Church Committee's November 20, 1975 interim report entitled, "Alleged Assassination Plots Involving Foreign Leaders" (insofar as the Report relates to Cuba at pages 71-191 or Vietnam at pages 217-223) (hereinafter "Foreign Assassinations Report"). I have also listed other, uncited testimony to the extent we have been able to identify such testimony that may relate to the JFK assassination. For example, the Church Committee prepared a handwritten inventory of individuals who testified before the Committee. See February 10, 1976 Memorandum to Bill Miller and Fritz Schwarz (RIF No. 157-10002-10313). The memo notes that there were 807 interviews (249 taken under oath in Executive Session) and that 56 witnesses appeared in public hearings before the Committee. I have used the inventory to identify possibly relevant testimony not cited in the JFK and Foreign Assassinations Reports; the inventory, however, does not appear to be comprehensive nor does it describe the subject of the testimony.

<sup>4</sup> I want to emphasize that there may be additional testimony that is not identified in this memorandum that may be assassination-related. If we are to identify any such additional testimony, we may need to obtain a comprehensive and authoritative list of all testimony taken by the Church Committee and/or inspect the original Church Committee records that are in the custody of the Senate Select Committee on Intelligence.

<sup>5</sup> I have distinguished formal testimony taken by the Church Committee from informal interviews. I have also noted those instances where the testimony was taken by the Rockefeller Commission. For testimony that is open in the JFK Collection at NARA, I have noted "(NARA)"; for testimony that has been referred to the Review Board for agency declassification, I have noted "(ARRB)"; and for testimony that has not been released by the Senate Select Committee on Intelligence, I have noted "(not released)."

--**Valenti, Jack** (Presidential Aide), 3/4/76 interview (NARA).

--**Veciana, Antonio**, 3/2/76 interview (NARA), 3/11/76 "Interview II" (NARA), and 3/16/76 "Interview III" (NARA).

--**Wannall, Raymond** (FBI Chief of the Nationalities Intelligence Section from 1962 to 1965), 5/11/76 testimony (ARRB).<sup>8</sup> In addition, it is our understanding that Mr. Wannall also testified in executive session on 10/21/75, in open session on 10/24/75, in open session on 11/19/75, in open session on 12/2/75, and in executive session on 1/21/76, but that this testimony has not been released.

--**Watson, Marvin** (Special Assistant to President Lyndon Johnson), 5/8/76 interview (NARA).

--**Willens, Howard** (Assistant Counsel for the Warren Commission), 5/12/76 interview (cited in JFK Report but not released)

--**Wilson, Will** (Attorney General of Texas 1956-62; Assistant Attorney General for the Criminal Division, DOJ, 1969- ), 5/15/75 interview with the Rockefeller Commission (NARA) and 9/8/75 testimony (NARA).

Finally, there are presumably unreleased transcripts or memoranda recording Church Committee meetings held in executive session.

<sup>8</sup> The JFK Report cites the May 11, 1976 testimony of the FBI's "Former Chief of the Nationalities Intelligence Section" (JFK Report at 37), as well as the May 11, 1976 testimony of a "Section Chief " (JFK Report at 64 n.98). It is not clear whether this cited May 11, 1976 testimony is of the same official (Mr. Wannall) or different officials.
