Subject: Records of House Committee on Government Operations -- Subcommittee on
Government Information and Individual Rights (Abzug Subcommittee)

Attached are copies of records that were obtained from NARA's Center for Legislative Archives on October 17, 1997. These documents are *not* classified but, at this time, they remain closed to the public under House rules. The documents are assassination-related in that they pertain to Warren Commission records. Accordingly, they will be maintained in the SCIF pending our securing the public release of the relevant Abzug Committee records under the JFK Act.

In the event there are questions in the future regarding these documents, see Michelle Combs or Ronald Haron, or speak to Kristen Wilhelm of the Center for Legislative Archives (202-501-5350).
