Re: Transmittal of Civil Division Files to the JFK Collection

Dear Steve:

Enclosed for the JFK Collection at the National Archives are two files from the Department of Justice Civil Division. The Civil Division files are file no. 145-15-1358, which relates to FOIA litigation against the Department of Defense, and file no. 145-0, which relates to Yuri Nosenko. These have been reviewed by the appropriate agencies, and they may be placed in the open Collection. One document from these files has been postponed in part, and that document is separately enclosed for the Protected Collection.

Sincerely

Ronald G. Haron
General Counsel
