Subject: Transcript of Frank Ragano Deposition

In connection with Mr. Frank Ragano's February 11, 1997 deposition, this memorandum describes the complete transcript records that are in the custody of the Review Board.

Mr. Ragano has reviewed his deposition transcript and has submitted to us his errata to the transcript, as well as the executed Certificate of Deponent; the Court Reporter has issued a corrected transcript based on Mr. Ragano's errata. Therefore, our records for the Ragano deposition are now complete. Those records consist of:

1. The Original Transcript. This contains the original transcript of the deposition, the errata with Mr. Ragano's original signature, the Certificate of Deponent with Mr. Ragano's original signature, and the exhibits. In addition, we have a copy of the complete original, as well as a "minuscrit" version, and a version on computer diskette. Finally, we have the two cassette audiotapes that the Court Reporter made of the deposition.
2. The Corrected Transcript. This is the transcript that has been re-issued by the Court Reporter to incorporate Mr. Ragano's corrections. We have two copies of the corrected version, a corrected "minuscrit" version, and the corrected version on computer diskette. To the extent anyone wants to know what corrections or clarifications are incorporated in the corrected transcript, they can consult the original transcript and errata submitted by Mr. Ragano.
