RE: Conference Calls

PAGES: 2, including this cover sheet.

This week's call is scheduled for 1:30 p.m. eastern on Thursday, August 13. AT&T will call Laura, Henry, Bill, and Anna. AT&T has a new procedure for those who will be placing a call to patch in. The ID # for this call is ALD 7293. Kermit and Jack can patch in by calling 1-800-828-4058 and then give the access code of 849147, which should put you into the call in progress.

This is new. In case it doesn't work for you, you might try the old 800 number (and the one I still use to set up the call) and tell them there is a problem - that number is 1-800-232-1234.

Following is your availability chart for next week. Please return this to me by Thursday. Thanks.
