Re: John Roselli Informant File (FBI-55)

Dear Carol:

In our review of the HSCA Subject File on William Harvey we found an informant file number for Johnny Roselli (137-7907). In negotiations, the FBI agreed to the release of that file number. We made an informal request to review the Roselli informant file, and discovered that it had been pulled by your staff for research purposes.

The ARRB staff now request that you process all serials in the Roselli informant file under the JFK Act. If you do not agree with this request, please advise us as soon as possible so that we can present this issue to the Review Board at its meeting scheduled for June 7-8, 1998.

Sincerely,

T. Jeremy Gunn
