RE: ARRB Requests for Evidence

Dear John:

The ARRB staff has identified a number of FBI documents that we intend to present to the Review Board for review of your proposed postponements. These documents are identified in the enclosed forms. As stated in the forms, we request that you provide us with any document-specific evidence or arguments you may wish the Review Board to consider regarding these postponements by September 6, 1995.

We have also identified a particular document from the CIA's "personality" file on Lee Harvey Oswald (201-289248) that contains FBI equities. A form specifically identifying this document is enclosed. We request that, by September 6, you provide us with any document-specific evidence or arguments regarding postponements in this document as well.

Although the enclosed forms suggest that you submit such evidence or arguments in writing, we will be happy to discuss with you other means of presentation that may be more convenient or practicable (e.g., formal presentations to, or informal meetings with, ARRB staff members).

In the event that third agencies have equities in any postponements in these documents, we will separately request those agencies to provide us with evidence or arguments regarding those postponements.

Telephone: (202) 724-0088 ■ Facsimile: (202) 724-0457

We have attempted to identify separately the duplicates of each of the identified documents, wherever they may occur in the FBI's core and related files. However, if in some case we have failed to do so, please understand that the Review Board's decision with regard to one document will apply to claimed postponements regarding the same material in duplicate documents.

As always, thank you for your continuing cooperation.

Sincerely yours,

David Marwell  
Executive Director
