Dear Mr. Ostendorff:

I wish to thank you, on behalf of the Review Board, for your prompt response to our December 28 subpoena. I have reviewed the materials you sent us, and will recommend to the Review Board that they be officially designated assassination records and made part of the JFK Assassination Records Collection at the National Archives.

It has been a pleasure speaking with you. Once again, thank you for your cooperation.

Sincerely yours,

Philip D. Golrick, Esq.
