Re: Request for Information (SS-21): Files and Records on "Cuban/Anti-Cuban Activities," Secret Service Inventories, and Additional, Miscellaneous Requests

---

Dear Ms. Vezeris:

This letter constitutes our twenty-first request for additional information and records under *The President John F. Kennedy Assassination Records Collection Act of 1992*, 44 U.S.C. § 2107 (Supp. V. 1994). In view of the fact that the Review Board's mandate will expire on September 30, 1998, we anticipate that this will be our final, formal request for additional information.

A. CO2-33115 ("Cuban/Anti-Cuban Activities")

In response to the Review Board's request (SS-17) for all documents contained in file number CO-2-33,115 (a numerical prefix for approximately 157 separate files maintained on individuals involved in Cuban/anti-Cuban activities), the Secret Service provided us with computer abstracts on 150 individuals. (Letter from Jane Vezeris to David Marwell, April 18, 1997). Upon reviewing these abstracts, we have determined that we would like to review the raw files (to the extent they still exist) of the twenty-five individuals or groups identified in Attachment A of this letter.

B. Files from Secret Service Inventories

During a July 31, 1997 compliance meeting, the Secret Service provided Review Board staff members Joan Zimmerman and Ronald Haron with the following inventories of Secret Service records in archives: (1) Inventory OPO 85-0001, entitled, "Protection (Historical); (2) Inventory PPD 85-0001; (3) Inventory MNO 85-0008; (4) Inventory MNO 85-0011; and (5) Inventory MNO 85-0012. We have examined these inventories and are requesting to review the files listed in Attachment B of this letter. Some information contained in these files may previously have been

provided to the Review Board or deposited at the National Archives. However, in order to ensure that all Secret Service records pertaining to the assassination of President Kennedy have been identified, the Review Board requests access to these files.

C. Additional, Miscellaneous requests:

1. The Protective Research Section provided the Warren Commission with synopses of cases established in Dallas, Texas during 1963. These appear at Warren Commission Exhibit No. 762. It is unclear whether the Secret Service provided the Warren Commission with the actual files or only synopses. Please advise us whether the Secret Service still maintains the following files, and if so, please make them available for our inspection: (1) CO-2-34,007; (2) CO-2-33,996; (3) CO-2-33,664; (4) CO-2- 34,785.
2. It is our understanding that Secret Service Personnel visited James Rowley at his home in 1992 and may have inventoried records and videotaped the visit. Please confirm whether this occurred, and, if so, please provide copies of any videotapes, written materials, or other information that describe or document the Secret Service's visit with Mr. Rowley. Your response to this request should include a list of materials identified or obtained in connection with the Secret Service's visit to the Rowley home. Also, please provide information that describes or documents other such visits with Secret Service officials who may have had a role in the investigation of the Kennedy assassination.
3. The May 14, 1998 edition of *The Washington Post* reported that the Secret Service "produced rare photographs of John F. Kennedy's fateful 1963 motorcade through Dallas" at a May meeting between the Secret Service and the office of the independent counsel. Peter Baker and Susan Schmidt, *Secret Service Chief Wants No Testimony*, *The Washington Post*, May 14, 1998, at A1, A14-15. Please make these and any similar materials available for our inspection.

By making these requests, we are not designating these materials "assassination records." To the extent that this request presents logistical or other difficulties that we may not have anticipated, or to the extent that these records may be located in the

National Archives at a place other than the JFK Collection, we will be happy to discuss with you ways in which the request might be amended.

We appreciate your assistance.
