Dear Todd:

We are pleased to welcome you to film inside our offices today for the purpose of preparing your documentary that discusses the work of the Assassination Records Review Board.

As we have discussed with Nan Waffin, and as she has acknowledged, it would be impermissible for us to allow you to film any classified or otherwise non-public records. I am sending this letter to create a written record of our understanding that no such records are being made available and that they are not being filmed.

In order that there be no public misunderstanding, we would very much appreciate it if the documentary does not state or imply that you filmed or had access to non-public records.

We wish you success in your efforts.

Sincerely,

T. Jeremy Gunn
Executive Director
