Dear Mr. Williamson:

Last week, Kodak brought to fruition the project that we first discussed with you more than one year ago.

Our agency could not be more pleased with results of what Kodak calls Special Project "A." Kodak's professional staff was extremely responsive to our needs and concerns, and handled each of a long series of inquiries with patience, solicitude, rigor, and professionalism. I am enclosing a copy of a letter that I sent to James Milch in Rochester.

We would like to take appropriate steps, to the extent it does not conflict with your wishes or interests, to acknowledge publicly Kodak's significant public-spirited act of generosity. I will be in touch with you about what we might do or say that would express our appreciation.

Sincerely,

Dr. T. Jeremy Gunn  
Executive Director
