Dear Commander Buchholz:

It was a pleasure to speak with you recently. As discussed, we would like to review the official file of the homicide investigation regarding "Johnny Roselli" (aka: John Roselli and J.A. Rollins). We appreciate your offer to retrieve the file and any other related records.

I look forward to hearing from you when you have the file and thank you again for your assistance. Please call me at ext. 258, if you have any questions or comments about this material.

Sincerely,

David R. Montague
