Dear Mr. Butler:

Thank you again for taking the time to speak with me by telephone yesterday. I'm sorry our schedules did not permit us to meet. I hope you will find the enclosed material about the Review Board interesting and informative. As you will read, Congress has assigned us a Herculean task, one that will be greatly aided by the cooperation of individuals and organizations such as yourself and INCA.

I will call you closer to the end of the month when I complete this round of business travel. I'm looking forward to speaking with you again at that time.

Sincerely,

Anne Buttimer, Esq.
Chief Investigator
