Dear Ms. Hess:

Thank you again for taking the time to speak with me by telephone yesterday afternoon concerning the Review Board's search for assassination records from the various Congressional committees. As I mentioned during our call we are looking for records through the official channels and file systems. In addition we are contacting all members and staff to obtain the records in their current custody that were created during their government service.

Contacting all of these former staff members is, as you pointed out, a daunting task. On behalf of the Review Board I am asking for any assistance you can lend in identifying the current whereabouts of any former Pike Committee or House Select Committee on Assassinations staff. You mentioned that you have some old address books. Any names and telephone numbers you can develop from those sources would be very much appreciated.

In the meantime it would also be helpful if you would review your old files for any PIKE or HSCA era records you have.

I've enclosed some information about the Review Board to better explain our mandate. Thank you for your timely reply to my requests and for your offer over the telephone of additional assistance. I look forward to speaking with you again soon.

Sincerely,

Anne Buttimer, Esq.
Chief Investigator
