Dear Dr. Murrah:

I am writing to follow up on your testimony to the Assassination Records Review Board at its public hearing held in Dallas on November 18, 1994. At that time you testified that the Southwest Collection has microfilm copies of former Attorney General Carr's assassination-related papers along with recordings of oral history interviews with him pertaining to the assassination. You also testified that the Southwest Collection houses assassination-related records from the late former Congressman, George H. Mahan, and Dallas broadcaster, Gordon McClendon.

The Review Board believes it is important that copies of all the aforementioned records and recordings be included in the JFK Assassination Records Collection at the National Archives. I have asked the Review Board's Chief Investigator, Anne Buttimer, to contact you regarding these collections. I am sure you will be hearing from her soon.

Thank you in advance for your cooperation with the Review Board's mandate.

Sincerely,

David G. Marwell
Executive Director
