Dear Mr. Pineda and Ms. Kearton :

Likewise, I appreciate your quick reply to my letter of July 20. In the meantime, I did receive your letter and the PROBE articles. What I was asking for in my July 20 letter, and what I will repeat my request for in this letter, is any research, letters, documents, etc. that led you to determine that Farris Rookstool III has the 'backyard' photo and other deMohrenschildt family items.

I am asking for this information in the hope it will allow the Review Board to conduct a more efficient and timely investigation of the matter. In short, it does not make sense for me to re-investigate what you or others have investigated on your own, yet I still need to see the information that has been assembled in order to develop additional leads and conduct follow-up work as appropriate. I hope this explanation makes my request for information clearer.

Thank you both for your reply and information. I've heard from a number of assassination researchers who plan to attend the COPA conference in October. Perhaps the heat and humidity gripping Washington this summer will have abated by then!

Sincerely,

Anne Buttimer, Esq.  
Chief Investigator
