Dear Mr. Rosenblatt:

Thank you again for taking the time to speak with me on the telephone this afternoon concerning any assassination records the IACP may have in its archives. I understand that the two moves your office made in the last few years greatly reduced the amount of archival material you were able to preserve. On behalf of the Review Board, we do appreciate the efforts you have initiated to search files, your archives, and your publication, *The Police Chief*, for articles, letters, photos, reports, or anything else that could be considered a record of the assassination of President Kennedy.

Thank you also for referring this matter to Sarah Johnson of your staff. I look forward to receiving a copy of *The Police Chief* and to working with Ms. Johnson and the Review Board's Associate Director for Communications, Tom Samoluk, to spread the word about the Review Board's mandate to your membership. I've included two copies of our fact sheet to give you and Ms. Johnson a quick summary of the Review Board's work.

Thank you again for your pledge of assistance and cooperation.

Sincerely,

Anne Buttimer, Esq.  
Chief Investigator
