Dear Mr. Thompson:

It was a pleasure to speak with you yesterday about the Orville Nix film. As we discussed, the Review Board is interested in any records pertaining to the testing of the film by your agency and/or the Aerospace Corporation. Thank you for your time and effort spent locating any records at the Laboratory.

For your information I've enclosed a fact sheet about the Review Board, a copy of our legislation, and a pamphlet published by the National Archives that describes the JFK Records Collection. Please review this material and feel free to contact me at ext. 258 if you have any questions.

On behalf of the Review Board, I appreciate your interest in assisting our efforts to add records to the JFK Collection. I will contact you again in the near future to discuss your data in more detail.

Sincerely,

David R. Montague
Investigator
