Dear Mr. Wheaton:

I received your voice mail message yesterday. I'm involved in work for the Review Board outside the office at this time but still wanted to respond to your call in a timely manner.

The best way for you to provide additional information you have about records related to President Kennedy's assassination is to send me a fax or a letter. I will contact you again if I have questions or need any follow-up information.

Thank you again for your cooperation with the Review Board's work.

Sincerely,

Anne Buttimer, Esq.
Chief Investigator
